I am Allen E. Konrad, born in 1939 in Pomona View Township of LaMoure County, North Dakota. My career for 37 years was that of a pastor of the Lutheran Church-Missouri Synod, of which 20 years was spent as a missionary in Africa. After retirement, I wanted to offer some kind of service in the area of genealogical research which would assist those hunting for information from the area in which I grew up. Having family in all four counties, in the summer of 2007, I began gathering information on the cemeteries in the North Dakota counties of Dickey, LaMoure, Logan and McIntosh. My goal was to try and identify as many cemeteries as possible, take a picture of each cemetery in its present condition and record the location by global positioning satellite (GPS), the new Rural 911 road identification system, and the county plat method of Section (Sec)-Township (Twp)-Range (R). In my research that follows, you will notice an asterisk (*) after the name of each cemetery that I saw and photographed.

What follows is a list of cemeteries that I have identified so far. The county information is set up with an alphabetical listing of all townships. Where a township has more than one identified cemetery, the cemeteries are identified beginning with Section 1 down through Section 36. Included in the information about the cemetery, if known, will be a source listed which will direct the researcher to a place where names and dates of those buried in that cemetery can be obtained. My lists of burials give all names in family alphabetical order. Some of the sources I used were attempts to walk through a cemetery and record information from gravestones as they stood one beside the next. To discover in my lists how one person might be related to another, you will need to check out the sources which often reveal relationship by who is sharing a gravestone, or who is buried within a family plot. I have also discovered that a person may not actually be buried where the church records indicate. The body may have been buried in a neighboring sister congregation cemetery, or may have actually been buried where indicated but disinterred and relocated to another place years later.

Since I started this project, I have continued changing my ideas as to what information I would like to include. Originally, I had no plan to show who was buried in each cemetery. Eventually, I decided to compile a listing of burials in as many cemeteries as I could find information on. At first, I put all names together without indicating which source revealed which particular burials. Later, I decided to give a specific color to each source so the researcher can tell by the color of the name and data where the information came from. I wish I had done that right from the beginning. One problem I came across is that the more sources one uses the more chance there is of data conflict in how names are spelled and birth and death date variations. Sometimes, information on a gravestone is so weathered it is difficult to know what the number or letter is. It is not intended that this project becomes the final word, but gives you the opportunity to search electronically for names of deceased throughout the county.

I have noted **Photo Available** to indicate that I have on file a picture of that specific cemetery. The code I have used includes a two digit identifier of the county, the name of the township and then the name of the cemetery or burial site.

In 2010, I finished another cemetery project of photographing the tombstones in cemeteries within a certain distance from Fredonia and Kulm, the two towns I once lived in. After reducing

the resolution of the pictures, I up-loaded them to the internet site. If this is of interest to you, check out www.northdakotagravestones.org for photos pertaining to Dickey, LaMoure, Logan, and McIntosh Counties.

If you are aware of any burial site not mentioned in this document, then I would appreciate it if you would contact me with the details so that I can add it to my growing list of cemeteries. As of the beginning of 2011, I can be contacted by mail at P.O. Box 157 Rowley, IA 52329. You can also reach me by e-mail at <onamission@lbt.org>

The old cemetery record book does not have many records recorded. The earliest recorded date of interment is 1932. The churches' beginning is 1902 and surely there were interments between 1902 and 1932. It is thought that the beginning record book of the churches activities is lost or has been destroyed. It was not found when the centennial book for the Zion Lutheran Church was made in 2003. The cemetery records of the available book have been typed and are on computer disc and in this paper booklet form. In addition, cemetery pictures taken by

Esther Wolff and loose papers in the book have been scanned and are on computer disc and in this booklet. Two pages of interments that are in the Zion Lutheran Church [Ashley, ND] pertaining to this St. Peter Church, are also scanned and are included in this booklet. The earliest death date listed on these two pages is in 1865. The record does not indicate when burial occurred. It is believed that this early burial site was formally accepted as the burial cemetery for others after the churches' beginning in 1902. These records do cover that earlier period between 1865 and 1932, and including all burials after 1932.

He was installed as pastor. During his service the remaining members decided to disband, thus the following procedures were established: (1) A Cemetery Association was established Dec. 2, 1974; (2) Transmit church property to it January 31, 1975; (3) Enact and adopt by-laws for the Christ Evangelical Lutheran Cemetery Association (adopted Feb. 20, 1975); (4) Secretary of State legally dissolved Christ congregation on February 20, 1975; (5) Established a legal "Trust Fund" for the cemetery association with 1st National Bank, Ellendale, ND on Feb. 28, 1975; (6) Remaining members transferred to other congregations as were the records, and historical materials. Since the cemetery and church grounds are under perpetual care and are limited to the funds in the "Trust Fund", we are accepting donations to continue to see that this small cemetery and church grounds, which are a part of our heritage, remain for years to come as a place to visit. Donations may be mailed to Mr. Calvin Dathe, 8558 94th St. S.E., Ellendale, ND 58436. So with your help let's continue to see this trust grow, so that improvements can be made.

- History of Cemetery: *Monango, ND – Centennial 1886-1986 – The Banner City*, p.66-67.
 In the very early beginning of St. Paul's Lutheran Church, the congregation met in the home of Johann A. Gebhardt on the north outskirts of Monango. During this period, there were at least four burials directly west of this house. The graves were never moved; Highway 281 was later built over this site. The church now has an established cemetery, located on the extreme northeast corner of the northeast quarter of section 14, Hamburg Township, three miles west of Monango. Two acres of land were donated in 1906 by Jacob and Magdalena Gebhardt to what was then known as the German Evangelical Lutheran Church. Three-fourths of an acre was used for cemetery purposes and the rest for church yard. After it had been used for a burial ground for over 20 years, the site was officially surveyed and platted into orderly lots, blocks, alleys and driveways in 1931. At this time, J.E. Timian was pastor; Jacob Fiechtner and Christ Klipfel were trustees. The gateway which marks the entrance is a memorial to John Gebhardt, Jr. and William Busch. It was erected by members of these families. Many shrubs and flowers beautify the grounds. The church was moved to Monango in 1947, but the cemetery is still used today. It is maintained by volunteer labor from members of the congregation.

 "Many people have been buried in the cemetery prior to it becoming the official cemetery. However, on October 26, 1920, block nine of the Iverson addition was vacated and commissioned as the Glover Cemetery. James River Valley was the original name of what is now James River Valley Township and Divide Township. These two townships split by official enactment to become effective January 1, 1922. After James River Valley and Divide Township became separate civil townships, the Glover Cemetery was deeded to James River Valley Township and Divide Township on October 6, 1931 and recorded on October 10, 1931, Dickey County, and is maintained by the two townships."

 - History of Cemetery: *Monango, ND 1886-1986 – The Banner City*, p.62-63. Monango Cemetery, a four acre plot located three-fourths mile west and one-half mile north of town, is a portion of the southwest quarter of Section 8, Township 131 north, Range 63 west in Keystone Township. This land was purchased for \$100 on February 29, 1892 by the Monango Cemetery Association from Joseph and Agnes Drew. In 1910 the plot was surveyed and platted. At this time, D.B. Piper was president and E. Magoffin was secretary of the association. In 1916 all previous records of transactions and burials were burned in the Magoffin Store fire. Roy Stevens bored a well and installed a pump in 1923 to water the many trees that were planted; the total cost of well and pump being \$34.18. Before lawn mowers were used, the grounds were burned and many of the trees were destroyed. When the Monango Bank closed in 1930, the association lost its entire account of \$51.25. In 1945 they received a bank receiver's check as final settlement, in the amount of \$7.70, 15 percent of the account they lost. The cemetery was registered with the State Health Department in 1931. The only source of income for the association was the sale of lots and, with the declining population, they could no longer maintain the property. It was deeded over to the city in 1947, with its account of \$56.20, by Roy Stevens and E. Magoffin as officers. Beriah Magoffin, nephew of the governor of Kentucky during the Civil war and one of Monango's pioneers, as well as many other early settlers and founders, are buried here. The cemetery is maintained by the City of Monango.

In the very early beginning of St. Paul's Lutheran Church, the congregation met in the home of Johann A. Gebhardt on the north outskirts of Monango. During this period, there were at least four burials directly west of this house. The graves were never moved; Highway 281 was later built over this site. The church now has an established cemetery, located on the extreme northeast corner of the northeast quarter of section 14, Hamburg Township, three miles west of Monango.
 - Church History: *Monango, ND, 100th Anniversary of the Organization of the Congregation – 1894-1994*, p.01. The first burials in this settlement were between the house of John Gebhardt and the railroad tracks on the north edge of Monango. Most of those buried there were later moved to the cemetery west of Monango. One or two bodies are still buried there in unmarked graves. It is possible that their graves are now under U.S. Highway 281. The first burials in the new cemetery west of town were in 1899. The first adult buried in St. Paul's cemetery was Matthias Steinwand in 1907. The first charter member, Ferdinand Mintz was born in 1852, died and was buried there in 1910. The last charter member, Gustave Fiechtner, born in 1872, died in 1958. All eight of the charter members are buried in this cemetery. The earliest born person buried at the cemetery is Magdalena Frigen, born in 1833, died 1923.
 - History: *Ralph Fiechtner of Monango, ND - E-mail 29 Mar 2009 to Allen E. Konrad*. The 1st burial place for the Lutherans beginning in 1895 was between the house of John Gebhardt (where church services were held) and the RR tracks on the north edge of Monango...According to St. Paul's History Books the 1st burials at the church cemetery in Hamburg Township began in 1899. Before 1899 there had been several people buried next to Monango from the St. Paul's group. Most, but not all, were reburied at the Hamburg township location. They were not reburied in concert, but as individual families decided. I know my great grandmother Frederike Gebhardt and her infant daughter were left at the original burial place. There is in another history the statement that 4 were left there, but tombstones were taken to the church cemetery in Hamburg Township. When U.S. Highway 281 was built in 1941, church members watched to see if bones or bodies were being disturbed in the road making. They assumed that the bodies might have not been disturbed if they were directly under the road. They might also have turned to earth in that period of time.

 - History of Cemetery: *Fullerton, ND – Centennial 1887-1987 – A Century of Community*, p.131. "The land for St. Patrick's Cemetery, consisting of 307'x150' directly west of the Mapleview Cemetery, was

donated by Patrick and Alma Glynn on December 22, 1949, and was legally recorded on March 8, 1950, with the Dickey County Register of Deeds. An additional 100' on the south was also donated to be used by P.D. Glynn and heirs until needed by the cemetery, at which time it will be fenced and included in the cemetery. Before St. Patrick's had a cemetery, Fullerton Catholics were buried in St. Helena's Cemetery at Ellendale, as Fullerton was a mission of that parish."

 - In April 2009, Allen E. Konrad interviewed John Hehr in Kulm, ND. Mr. Hehr has the cemetery records and revealed that, many years ago, the original records were "lost" and the present records are only a reconstruction of identifiable grave sites. It is assumed that there are more burials than recorded. As a result, in June 2009, Allen and Mary Lu Konrad measured the location of all grave sites having grave markers and recorded the information on each grave stone. These, then, are the known burials in 2009. **BADER**, Emil (29 Nov 1901-05 Mar 1911), Emilia (03 Oct 1872-17 May 1909); **BURK**, Erick E. - History of Cemetery: *Monango—The Banner City 1886-1986* –p.69. Peace Lutheran Church cemetery is a three-fourths acre plot located on a portion of the northwest quarter of section 27, in Potsdam Township. This land was purchased by Friedens Gemeinde (Peace congregation) from D.S.B. Johnston Land Company for the sum of \$20.00 in November, 1907. It was surveyed and platted in 1932. Arndt Mammel was president and August Herberg was secretary at this time. The church was moved to Merricourt. Later, the congregation dissolved and the building was sold. The cemetery is no longer used for burials. It is maintained by relatives, friends and neighbors of the former congregation.

An early plat shows a school house at this location. Perhaps it was used for church services, too. Later maps show a cemetery here. There is no access road to the cemetery, we were able to drive part way, then...walked through the slough to copy the stones. The cemetery is not maintained.

- History Source – *Monango, ND – Centennial 1886-1986 – The Banner City*, p.71. Finnish Lutheran Cemetery was established in 1903 on land donated by Matt Wihela. It is located on the southwest corner of the northeast quarter of section 12, Valley Township in Dickey County. In the early 1900's, a settlement of Finnish people in this area formed a congregation of the Finnish Lutheran Synod. The congregation was served by a traveling minister, often from Frederick, SD; services were held in the homes of members. **Burials** are as follows [given according to family plots]:

- History of Cemetery: *Monango—The Banner City 1886-1986* –p.70. First Congregational Church Cemetery is located one-half mile south and one-half mile east of Merricourt on the southeast corner of the southeast quarter of section 36, in Young Township. This two acre square plot was purchased for one dollar on September 16, 1929 from B.R. Crabtree of Ellendale. It was surveyed and platted by Julius Bartell, Chris Biederstedt and John Walz, trustees of the church. The Congregational church of Merricourt is no longer in operation, but the cemetery is still used and is maintained by the Congregational church in Kulm.
